Great news for all Travel Partners...!!!

Amadeus is pleased to announce the enhancement to **actual number of bags included in the Free Baggage Allowance (FBA)** when an Airline uses the '**Piece Concept**' for a particular route / fare effective 1st July, 2009.

- Amadeus travel agents can provide better customer service to their passengers with regards to baggage allowance as now the ticket copy will show the number of bags that are allowed, and when to pay for additional checked bags.
- The actual number of bags allowed free will be available during the pricing process and included in the Amadeus TST. Same will also be transmitted to the Airline's E-Ticket Server for inclusion in the E-ticket.
- The Piece Concept indicator 'PC' has been replaced by '1P' / '2P' / '3P' indicating the actual number of pieces allowed.
- Where there is no free baggage allowed under the Piece Concept, "0P" (Zero P) will be shown, while in Weight Concept "NO" will be displayed.
